The leaders of Big Agriculture - Monsanto, DuPont, Syngenta - are determined that the world's populations remain ignorant about the serious health and environmental risks of genetically modified crops and industrial agriculture. Deep layers of deception and corruption underlie both the science favoring GMOs and the corporations and governments supporting them.

A Question and Answer fact sheet deconstructing Monsanto's GM claims and Big Agriculture's propaganda to accompany the film is available online:

Animal killing is very prominent amongst demoniac people. Such things are created solely for the destruction of the world, and this is indicated here. Due to godlessness, such weapons are invented in human society; they are not meant for the peace and prosperity of the world.
